

Caring for Dogs

Presented by the Endangered Breeds Association to educate children on the care and safety of dogs.

Editor-Colleen Hill

*Owning a dog is a
Big Responsibility!*

Give your dog
fresh food and
water every day.

**Never bother a
dog while it is
eating.**

**Dogs need shelter.
Protect your dog
from the sun and
weather.**

Dogs need
Exercise.

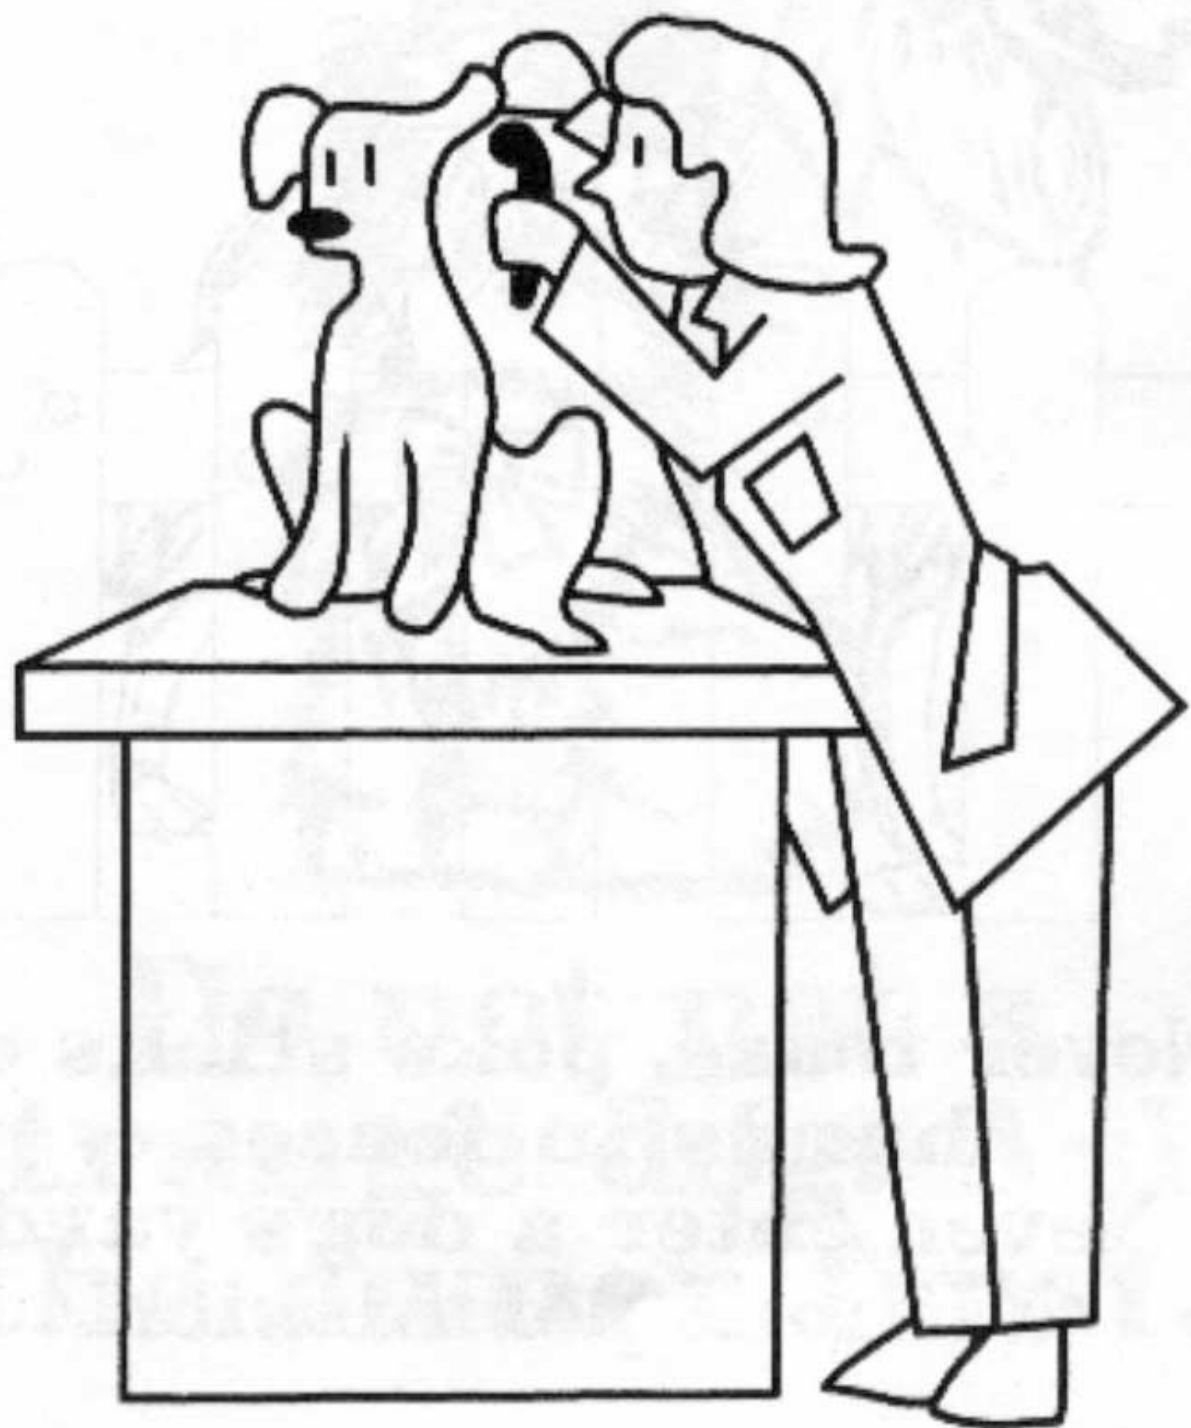

**Play with your dog
every day!**

Always use a
leash to walk
your dog.

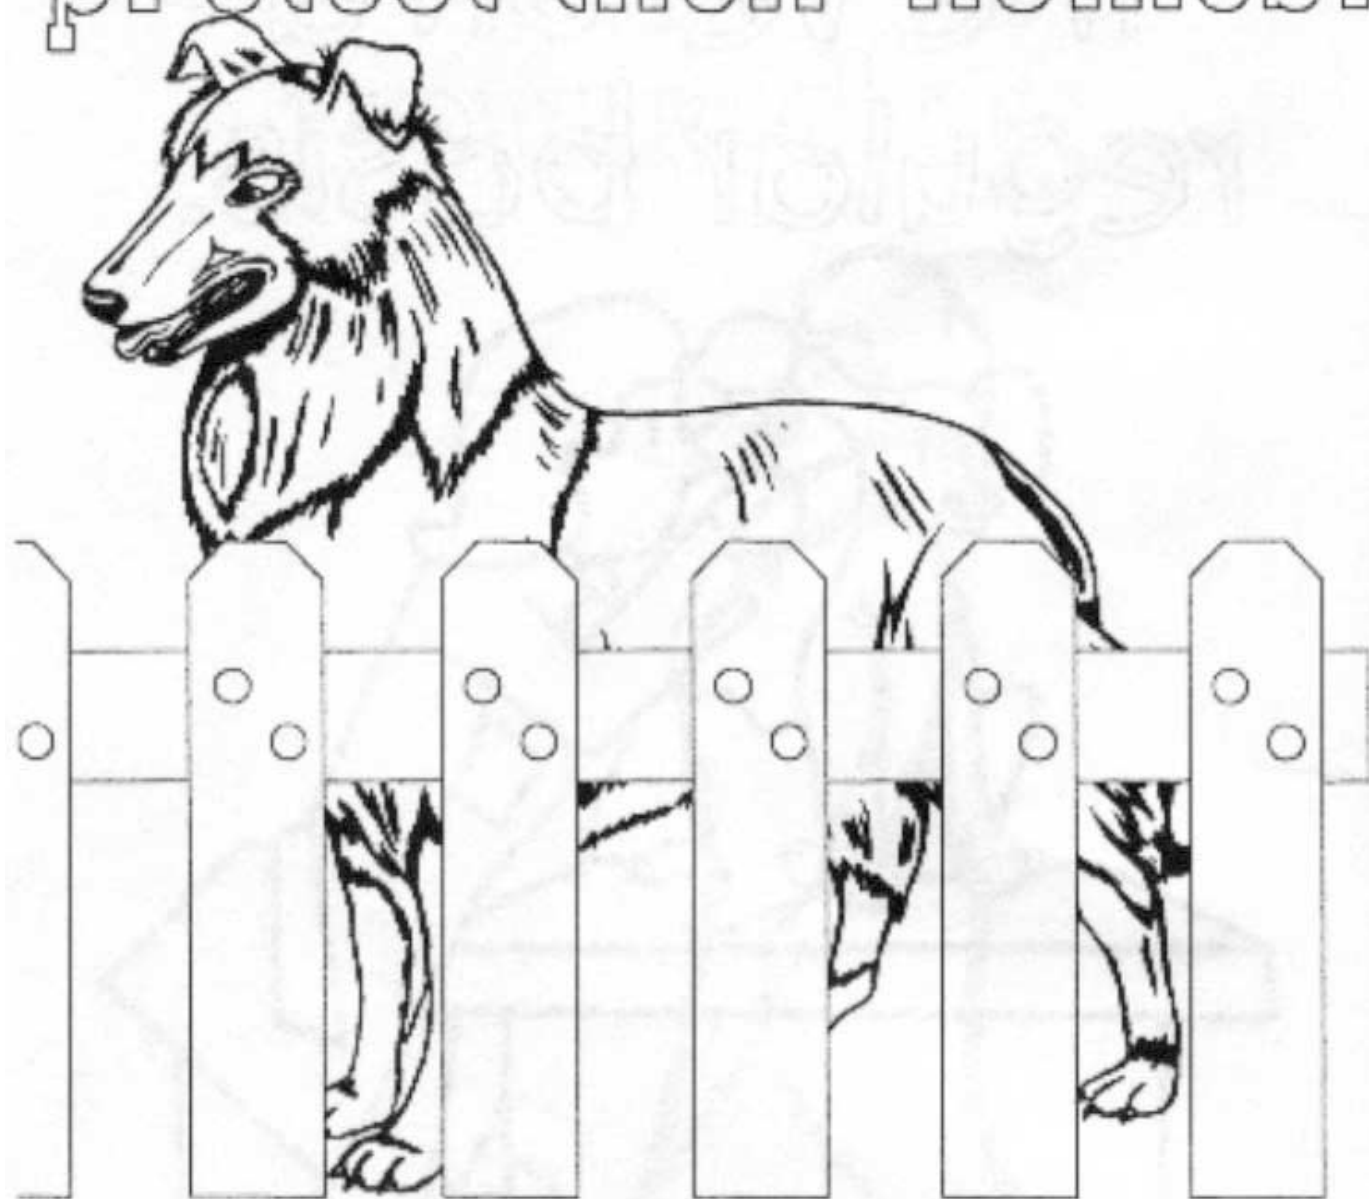

It's the Law!

Bring your dog to
the Vet on a
regular basis.

All dogs love and
protect their homes.

**Never tease, poke sticks or
hands in fences.
Never enter a dog's yard
without permission.**

I am cute and
cuddly, but I might
bite.

**Do not pet a
strange dog. Ask
the owner first.**

*Dogs will chase children when
they run.*

*Play safe and do not run
around dogs...*

**Especially
around dogs you
do not know.**

*Some dogs are
cranky when they
first wake up.*

**Use your voice to
wake your dog,
Not your hand.**

Draw your dog or pet.

If you do not have a pet,
draw your favorite animal.

Educating children about the care of dogs
will ensure Responsible Dog Owners for the
future.
